Highlights

Sensitive directional mic
To ensure the microphone is always optimally positioned to pick up your voice.

Adjustable microphone
This easily adjusted boom will make sure the microphone is always optimally positioned to pick up your voice.

On/off button
Very easy way to switch the microphone on and off. You can also mute your voice when you don't want the person you are talking to to hear.

Integrated cable winder
A neat solution for storing the cable and adjusting its length for maximum convenience.
